

The K-Love radio station serves me and my family by allowing us to listen to the kind of music we prefer and know that it will not have something on it that would be offensive. We would not have any stations that we could listen to here if we lost K-LOVE. K-Love provides clean, non-biased news, music, and entertainment that is for the whole family, community, kids, etc. It would be a shame and a very horrible loss to our community if we lost the K-love station.
